RE: Denied Approval for Use of Pit #4
DGE File O-38-11-150A

Dear Mr. Cunningham:

The Division of Gaming Enforcement's Regulatory Enforcement Bureau has completed an inspection of Pit #4 as requested by Trump Taj Mahal from their approved amended Certificate of Operation (Petition #3411102) dated December 9, 2011.

Specifically, the inspection of the CCTV coverage of Pit #4 revealed an insufficient number of cameras to record all table games in the pit. There are eleven (11) pan, tilt, and zoom cameras surrounding Pit #4 and sixteen (16) tables (tables 0401-0416). N.J.A.C. 13:69D-1.10(d)1 requires that a casino licensee's CCTV system shall record all transmissions from cameras used to observe all gaming tables whether active or inactive.

Therefore, based upon the Division's inspection of Pit #4, the Approval for Use is denied.

Once the necessary modifications have been completed, a reinspection of Pit #4 can be requested at inspections@njdge.org.
